

For a High Gloss Durable Finish

Farécla Wax Top is a revolutionary new liquid wax polish specially developed for trade use. Tried and tested around the world, Farécla Wax Top is quick and easy to use and provides a high gloss durable finish for use on all fully cured paintwork.

The specialist manufacturing process adopted ensures uniform wax particles are created to produce a very smooth even finish. The mild cleaning action of the polish will clean and restore paintwork, whilst providing improved filling properties over conventional wax polishes, so that minor paint imperfections are hidden to give an exceptional high gloss showroom finish.

Ideal for use with the Farécla Finishing Cloth, this system offers the following features and benefits:

- Superb high gloss finish – customer satisfaction guaranteed
- Can be used on all fully cured paint finishes
- Quick and easy to apply and remove
- Hides minor paint imperfections
- Excellent durability of up to 3 months
- For hand application only
- Available in 1 Litre and 1 US Gallon pack sizes

TECHNIQUE

Wash and dry vehicle if necessary.

- 1 Shake the bottle of Wax Top.
- 2 Apply a small amount of Wax Top to a lint-free clean cotton cloth.
- 3 Using light pressure apply Wax Top to the surface in an overlapping action to ensure even coverage.
- 4 Allow Wax Top to dry to a haze.
- 5 Buff the surface with a clean soft polishing cloth - Farécla Finishing Cloths are ideal.

Hints & Tips

- Large areas can be worked on at a time due to the easy to remove formula of the polish.
- Any residue on rubber and trim can be easily removed by wiping with a soft, clean damp cloth.
- Farécla Wax Top can be applied in direct sunlight.
- Farécla Wax Top also exhibits excellent water and dirt repellent properties.
- We recommend the use of a Farécla Finishing Cloth for final finishing. The micro-fibre cloth cleans, polishes and quickly absorbs the remaining residue, speeding up the process even further.

SUITABLE APPLICATIONS

- Suitable for use on all fully cured paint finishes.

Safety data sheet available for professional user upon request. Farécla Wax Top does not contain volatile silicones (no airborne potential).
